## Making Good.

There is no way of making lasting friends like "Making Good;" and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier part of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popularity while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, full breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It is an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for women's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "boxes" for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equalled.

## ELECTRICAL SUPPLIES

For a Sprained Ankle.

As usually treated, a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may be effected in many cases in less than one week's time. This liniment is a most remarkable preparation. Try it for a sprain or bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by W. F. Creighton and Co. and Richard Gibson.

SAYS HE IS 138 YEARS OLD.

William Brooks Mason, a negro preacher, who said he is 138 years old, yesterday asked the New York police to look for his 30-year-old wife, who, he said, left his home in the Bronx, on May 12.

Hobbling along with the aid of a cane, Mason walked into the station house, and said he was married three months ago to a 30-year-old woman in the city hall. On May 11 the man of seven-score years said he gave her \$4. The next day she left him and he thinks she has gone to Charleston, S. C., where she had a child.

Mason said he was born in Havana in 1770, and that when Lord Cornwallis surrendered to General Washington, at Yorktown, he held General Washington's horse and gave the general a brick from a church for good luck.

The negro then returned to Havana, where he remained until 69 years ago, when he came to this country, an ordained minister, and preached through the south.

Nineteen years ago, Mason says, he married for the first time. He was then 119 years old. His wife died seven years ago, and he did not fall in love again until he met his present wife.

He has a pension from the government for services in the civil war, and on this he lives.

DeWitt's Kidney and Bladder Pills are prompt and thorough and will in very short time strengthen the weakened kidneys. Sold by W. F. Creighton & Co.

FLOODS AND TORNADOES.

Montana is experiencing the heaviest rainfall in the history of the State, and as a result railroad traffic is more or less demoralized. So far as known, only one life has been sacrificed as a result, that of Frank Myers, bridge superintendent of the Northern Pacific. He was in charge of a train which ran into a washed-out bridge near Bonita.

Trifle is completely suspended on the Northern Pacific, and there are upward of 1,500 passengers food-bound at Billings, Livingston, and Missoula, on that line. Passengers for the east and west are being routed over the Great Northern from both Helena and Butte.

It rained heavily throughout the State yesterday and the outlook is anything but encouraging for sunshine. Theatrical companies, baseball clubs, and Emma Goldman are among those stranded. No trains have reached Helena from the East for five days.

Floods and tornadoes wrought havoc in Texas Tuesday night and yesterday. The worst was in the Panhandle, where unprecedented floods swept the Pecos, the Wichita and the Red rivers. The Fort Worth and Denver Railroad has miles of track washed away. Two boys were killed by lightning near Whitaboro.

## ANTI-RACE SUICIDE.

"Wives who from choice foster race suicide should be held criminally responsible."

This was the declaration made by numerous women physicians, in Chicago, yesterday, after Dr. Walter B. Dorsett, of St. Louis, had delivered an address denouncing the attitude of women who oppose the Roosevelt theory. Several speakers who followed Dr. Dorsett declared that the laws should be so amended as to permit the punishment of these women.

The sectional meeting, which was held by feminine practitioners in attendance upon the American Medical Association convention, finally adopted resolutions providing that a propaganda of education be launched. A committee will agree upon some method of reaching the lay mind either by popular lectures or by a legitimate publication.

Dr. Dorsett had asserted that ignorance was the chief cause of trouble of this sort. He claimed that the present conditions will be remedied only when the profession takes an active part in the education of both boys and girls.

In the section devoted to children's ailments, physicians came to the defense of infants in a determined manner. Automobiles and luxurious living, as well as alcoholic beverages, according to Dr. Edwin C. Graham, were preferred to children. Race suicide, he said, was the result.

Dr. Graham produced statistics purporting to show that burial associations and children's life insurance have much to do with a high death rate among children.
